DENTIST
702 MARKET ST. Cor. Geary, Kearny and Market Sts.

Being the discoverer of Local Anesthesia, whereby teeth can be filled and extracted painlessly, and the first to introduce crown and bridge work and also Alveolar dentistry, by which a full set without a plate can be inserted permanently, and having the best equipped offices ever built I am happy to say to the public that I will appreciate a call and an inspection of what I term the only absolutely sanitary Dental Office in the world, wherein no disease can possibly be transmitted by dental instruments, etc. DR.
